CROWDED SCHOOL CONDITIONS PROVE SERIOUS

Western Auto Store Grand Opening This Weekend; 'Red' Beltz, Manager

Western Auto Supply Co., known for many years for its popular branch and authorized dealer stores maintained throughout the seven western states, announces that D. L. Beltz has been appointed its authorized dealer for Campbell. The new store, located at 50 East Campbell avenue, will operate under the name "Gambles" with the words "Westren Auto Supply Company" prominently displayed on the sign.

The name of this store is somewhat of an innovation, as "Western Stores" has long been the official name for all the firm's retail establishments, and has become a sort of symbol in Western regions for high quality, low-priced merchandise sold under strict guarantee of satisfaction to the customer. The Gamble store opening here is among the first to display the new green and white sign. Concerning that, authorized dealer Beltz said, "Of course I am extremely proud of being one of the earliest to have the new name on my store, but not nearly as proud as I am to be the owner of a brand new modern store with a third of a century of unblemished reputation already set squarely behind it—the same reputation that stands back of all Western Stores. The only difference between my Gambles and all Western Stores is in the name. We offer the same great savings, same service, same fine merchandise, same guarantee of customer satisfaction that folks everywhere in the west have learned to look for in all Western Auto Supply Company Stores — and that I, personally, am going to see that all the people of Campbell get from me.

"We begin our grand opening for our new store on Friday, April 21, and will continue it through Monday, April 24, remaining open Friday and Saturday evenings. I sincerely hope that every man, woman, girl and boy in Campbell and vicinity will drop in sometime during these days at 50 East Campbell Avenue to see the store, the carefully selected merchandise and the truly amazing savings that have been arranged for the event," Beltz concluded.

Planners Approve Hospital Permit

Application of the West Valley District for a use permit to build a 50-bed hospital on a 10-acre site on San Tomas Road near Vasona Junction was approved by the County lanning Commission at its Wednesday, April 20, meeting.

The commission imposed conditions on the approval, including the demand that off-street parking be provided for autos coming to the hospital; a fence and planting screen be built around the grounds, and buildings be subject to architectural control.

Directors of the district paid $16,500 for the site of the proposed hospital, subject to approval of the use permit by the County Planners. Seller is Anthony Taormino.

Kirkwood Gives Rotary Review Of Legislature Year

Assemblyman Robert C. Kirkwood of the 26th district, spoke on "The Legislature in Review" at the Monday noon meeting of the Campbell Rotary Club, covering points of interest in the last special session of the California State Legislature.

Among the problems faced by the Legislature was reduction of the state budget for the coming years. The total was shaved down from over one billion dollars to about $900,000,000, due partly to reserves from previous years. No reduction in taxes is forseen, said Kirkwood. On the contrary, the outlook is for increased taxes in the future. As a result of the approximately 50 percent increase in the state's population, schools and mental institutions are overcrowded.

On the subject of the Moorpark School annexation, the assemblyman said many other school districts in the state are faced with similar situations and the legislature will work out a solution covering the Moorpark situation.

Speaking on passage of the slot machine bill, he said strong pressure was exerted on the assembly by outside influences attempting to prevent passage of the measure.

Referring to the crowded agenda for the special session, Assemblyman Kirkwood stated that bills before the legislature would have increased cost of state operation by 150 million over and above present costs.

The proposed tobacco tax measure would have provided funds for education purposes, he continued, and he predicted that a tobacco tax probably will be imposed within the near future as a new source of revenue.

Among results of the session was provision of funds for school districts in need due to low assessed valuation and large school enrollments.

Ground Broken On Church Addition

Ground was broken this week for the construction of an addition to the Congregational Church of Campbell, to meet increasing needs.

The addition will provide three extra classrooms, and an assembly room for church school, dining and social purposes. The structure is intended to tide the church over a period of increasing need until it may become possible to build a new church.

Bodily Injuries, Infection Caused By Heavy Use Of Limited Gym Facilities

Ovrcrowding in schools can lead to serious difficulties other than the highly important loss of adequate schooling. Such was the result of a survey made recently in the Campbell High School's boys' gymnasium.

Injuries can be and are caused by this overcrowding, a general survey of high schools found that 33.4 percent of accidents in high schools occur in the gymnasium and locker rooms and 72.5 percent are connected with the physical education program and its facilities, compared to 39.1 percent on the school grounds.

Crowded gymnasia means elbowing, pushing and more towel snapping. Too many boys are in the gym at one time and too many in the showers. Participants in the gym are pushed towards the walls, abutments, sharp corners and apparatus, thus increasing danger of injuries. Rough house tactics increase and there are more temper flare-ups. The area of wet and slippery floors increases due to the large number of boys tracking water from the showers.

Participation is limited to the more aggressive and the more able as they are inclined to utilize more than their share of equipment and facilities.

The amount of lost equipment increases and produces tendencies of minor theft.

Use of school facilities for adults and out of school youth becomes even more limited.

Unsanitary storage practices are developed and epidemics of itches and other locker room infections tend to break out.

Injury, infection and loss of equipment thus are emphasized in overcrowded school conditions at the gym. The method of alleviating these and others throughout Campbell Union High School has been proposed by the school district—a $950,000 bond issue to be presented the voters on May 16.

Partof that bond issue would be set aside for expansion of the physical education department, to provide additional athletic facilities such as showers, lockers, football stands and lights, additions to the boys' gymnasium, outside courts, expansion of the baseball field and parking areas.

In addition, the bonds would provide a girls' gymnasium and a swimming pool, the latter available to the community during the summer.

These are only part of the facilities which the bonds would make possible for the high school which is now accomodating far more students than the recognized capacity for its present plant. Other provisions would be classrooms for 500 students, expanded library and study facilities, new shops, an additional school site, home economics building, music building, cafeteria and laundry, and equipment for new buildings.

The board of directors has gon on record as favoring immediate action on completion of the entire expansion program if the bond issue is passed, since unsettled world conditions may affect possibilities for carrying out the program, should part of it be tabled for future enactment.

Student Council members and representatives of the classes are working to inform the public of the school's needs, and a special edition of the school paper, the Campus Echo, has been prepared. The Campbell Press will issue a special bond election issue on Wednesday, May 10, and students are hard at work selling advertisements to finance the issue.

Jaycees To Launch Trade-In-Campbell Sentence Contest

A Trade-in-Campbell contest will be launched by the Campbell Junior Chamber of Commerce the first of next week, with all merchants in the community participating. Unique feature of the contest will be total absence of cost to either merchants or contestants.

Turn in the complete entry to any Campbell merchant before midnight of May 27.

Already, a $25 merchandise order has been promised for the contest. Watch the Press for further list of awards.

Judges for the contest will be Fifth District County Supervisor Joseph McKinnon, Attorney Marin S. Walsh, Guy E. Farley, William C. Henley, and the new president of the Jaycees, who will be named on May 3.

Entry blanks should be available at every Campbell store by the first of the week. Those merchants who have not received their supplies of blanks by next Wednseday are asked to telephone the Campbell Press, Campbell 3442.

Kiwanis Program On Rose Growing For Ladies Night

Tuesday was ladies' night at the Kiwanis Club this week at which time all the wives were the guests of honor. Mrs. Jo Henley, wife of the president, acted as the presiding officer and Mrs. Bud Levenberg was the chairman of the day.

The program consisted of a talk on the cultivation of fine roses and a colored movie of the various steps were shown. Julian Rice of the Ortho Spray Chemical Co. was the speaker and gave a detailed account of how to cultivate roseos to obtain the best results.

The musical part of the program was given by Don Justice, who sang two numbers, and was accompanied by his sister at the piano, Miss Beverly Justice. The numbers selected were: "The Lords Prayer" and "Because." Mrs. Ira Grim acted as song leader for the group.

Guests present were Mr. and Mrs. Fred Weltz, Mr. and Mrs. Arch Keesling, Mr. and Mrs. J. McCoy, Mr. and Mrs. H. Shumkay, Mr. and Mrs. Lloyd Nelson and Miss Marialice Grim.

Shopping Center To Have Final Rehearing May 3

Plans to build a half-million dollar shopping center at the San Jose-Los Gatos Road and Elliot Drive were reaffirmed last week by builders Jack Bond and Elliots of Los Gatos, when they petitioned the Santa Clara County Planning Commission for re-zoning of the 10-acre site from residential to commercial, at a special hearing.

This is the second attempt of Bond and Elliots to secure reclassification of the area. The commission previously refused them reclassification for a smaller project on the same land.

Representing Adolph Leigfritz, who owns a shopping center in an established zone less than 1,000 feet from the proposed one, Attorney Edwin H. Williams said that the proposal would be harmful to the master plan. He further alleged that the commission has no power to call a special meeting without a 10-day public notice and that the hearing was illegal since the request had previously been denied.

Commission Counsel Spencer Williams ruled the objection out, saying the commission could take testimony at any time and the protest on rehearing applied only to courts.

Final publi argument on the rezoning request will be held before the planners May 3.

Cambrian Bond Election

$42,000 Special Issue On May 19 Ballot To Qualify School For Future State Aid

Cambrian Elementary School will ask voters to approve a $42,000 bond issue at the scheduled school board elections on May 19. Purpose of the election is to provide playground equipment, desks and architectural fees for the school's present plant and future building program, and to make the school eligible for future state aid funds. Part of the $42,00 would be put aside for future state aid program planning.

If this bond issue is successful, commented Principal Delos Bagby, the school will be eligible to apply for state aid funds. Under the future master plan, the school hopes for some 14 additional classrooms, including kindergarten, shop, and home economics rooms, plus an additional site for a proposed sixrom school. Altogether, the future expansion program under the state aid should amount to $400,000, approximately.

Bagby emphasized this master plan is in the planning stage, and plans will not be complete for another three or four months.

Congregational Church Observing 61st Anniversary

The Congregational Church of Campbell will observe its annual "Anniversary Sunday" on April 23, marking the 61st anniversary of its founding.

Among the special features of the service will be the reception of new members at the regular 10:30 o'clock morning service. The Church School will meet at the same hour as usual, and after church families will gather around the tables for a picnic luncheon. Each family is to provide its own food, table service, and drinks for children. The committee will provide coffee.

After the picnic and a period of fellowship, many of the church people will drive to La Selva Beach for the annual meeting of the Santa Clara Association of Congregational Churches, and a recognition council for the new church at that place.

In most European countries the female outnumbers the male.

Extension Service Fashion Show, Exhibit to Feature Handmade Dresses

A fashion show and home demonstration exhibit will be presented to the public by members of the Agricultural Extension Service in this area at Los Gatos High School on May 4 from 10 a.m. to 8 p.m.

Featuring rayon and cotton dresses made by members, the fashion show will demonstrate the sewing instructions and shortcut methods utilized by the extension service.

Home demonstration exhibits will display the projects completed by members during the past year.

A program during the noon hour will call upon members of the audience to model their dresses if they have made them.

Julia Pond of the University of California at Berkeley will speak at 1:30 p.m. on "Using Time and Money Wisely."

The following members are serving as chairmen of committees for the Saratoga Extension Service: exhibit committee, Mrs. Pat Bucaria; fashion show models, Mrs. B. M. Thornton and Mrs. E. E. Cox; and guest list, Mrs. R. M. Faucett.

Legion Auxiliary Lends Support To Bond Issue

As part of its traditional community service program, the Campbell chapter of the American Legion Auxiliary voted, at its meeting April 12, to support the May 16 high school bond issue.

Mr. George Egling and two senior students from Campbell Union High School displayed a picture of the rapid population growth of the Campbell area and the resulting crowded conditions.

Also, members voted to send a spray of flowers to the Palo Alto Veterans Hospital to be used at the memorial service to be held in May. Mrs. Clarence Fagalde, rehabilitation chairman, announced the monthly party for Ward 17 of the veteran's hospital to be held Tuesday, April 18.

Miriam Smith, poppy chairman, announced the winners of the poppy poster contest held in the Campbell high school, and exhibited the winning posters.

Louise Fairchild, Americanism chairman, announced that the Americanism essay contest winners will receive their awards at a high school assembly program April 18, at which time the girl chosen to attend Girl's State also will be presented.

Girl's State is an Americanism program sponsored by the American Legion Auxiliary in 46 states. California's Girl's State is held for one week in Sacramento each year at the close of school in June. The outstanding girl in the junior class is chosen by the principal and faculty as the auxiliary's delegate.

Mrs. Stevenson and Mrs. Charles Chubb of the Veterans of Foreign Wars Auxiliary were guests of the unit. Mrs. Chubb told of the organization of a VFW auxiliary unit in the near future.

The Legion Post and auxiliary enjoyed refreshments at the close of the evening.

District Officer

Mrs. Clarence E. Fagalde of Campbell, president of El Paradiso Council of the Parent-Teacher Association, was elected third vice-president of the Sixth District PTA during the thirty-fourth annual convention held April 10 in San Jose.

New Sixth District president is Mrs. H. C. Grimes of San Jose. She succeeds Mrs. Leslie Wilson of San Jose.

Top Honors Won By Virginia Ammon's Dalmatian Entry

Champion Velvet and Lace of Kal Dal, Dalmatian entry of Virginia H. Ammon of Campbell, won highest honors as the best dog in Santa Clara County at the Santa Clara County Kennel Club's annual all-breed dog show held in San Jose April 2.

The 3½-year-old Dalmatian also was judged third place winner in the non-sporting breed division, group 6. She was judged the best Dalmatian in Santa Clara County.

In the dozen dog shows in which Champion Velvet and Lace of Kal Dal has competed to win her championship, she has been selected as the best of her breed three times. Also, this is the third year in which she has won the title of "best local non-sporting dog."

Champion Velvet and Lace of Kal Dal is of Mrs. Ammon's own breeding. She entered six of her Dalmatians in this years' show.

Michel Mehren Enters Majorette Competition

Michel Mehren, 9, of 780 Ridgeley Drive, Campbell, is entered in the Small Fry Majorette class for the fourth annual Majorette Competition and Drum Festival to be staged April 21 and 22 at San Francisco's Kezar Pavilion. Twin Peaks Parlor, Native Sons of the Golden West, is sponsoring the competition in which amateur and champion majorettes will vie for honors and valuable trophies.

Strutting, bespangled majorettes will twirl silver batons in six divisions, ranging from 4- to 6-year-olds in the Pee Wee class, to seniors and champions.

More than 200 entries in both the majorette and drum events have been received from bay counties, western states and from as far distant as Michigan. The drum festival includes 12 divisions from boys and girls of 6 to 12 years of age up to seniors in drill team fours with captain.

Writing Institute

An institute session on handwriting was held April 13 at the Campbell Elementary School by first and second grade teachers from Santa Clara County Schools.

Camden Bridge Finally Opened

Union district residents now have direct access to the Campbell shopping district following opening of the new Camden Avenue bridge. Lou Jones Construction Company built the new connecting link, at a cost of approximately $60,000. Bids on the job were opened by the County Board of Supervisors last September 12.

Encephalitis Reported Here

Two cases of infectious encephalitis were reported in Campbell for the week ending April 8, the County Health Department revealed this week. These were the only such cases reported in the county for that week.

First Annual 4-H and FFA Horse Field Day

The Henry Coe Ranch in San Felipe Valley will be the scene of the first annual Horse Field Day to be held for 4-H members and Future Farmers Saturday, April 22, starting at 10 a.m., according to M. S. Beckley, local farm adviser.

Carroll E. Howell, associate in animal husbandry at the University of California College of Agriculture at Davis and an outstanding horse authority, will open the session with a talk on selection of the horse.

"Training of the Horse" will be the subject of a speech by Mrs. A. W. Pike, a noted horsewoman. Speaking on the care of the horse will be Dr. K. G. McKay, extension specialist in veterinary science, University of California at Berkeley.

Lunch will be served at 12:15 p.m., supplemented by a talk by Mr. Howell who will lecture on the judging of horses at 1:30 p.m.

Next on the program will be a speech and demonstration by Peter J. Lert, farm adviser at the University of California at Berkeley's Agricultural Extension Service, on showing horses in hand.

The judging session, including the grading of papers submitted by 4-H Club members and Future Farmers, will end with the awarding of prizes in three classes. George D. Shambrook, farm advisor, University of California Agricultural Extension Service, Santa Clara County, will present the awards.

All 4-H Club members and Future Farmers are urged to attend, according to Beckley, with the request that they contact the Agricultural Extension Service, 201 Post Office Building, San Jose, in order to make luncheon arrangements.

R. O. Del Mutolo Files Candidacy For Assemblyman

R. O. Del Mutolo, San Jose insurance man and brother of Superior Court Judge M. G. Del Mutolo, has filed his candidacy for 29th District Assemblyman.

In filing, Del Mutolo declared: "The Legislature should be free of "bossism," and if I am elected I shall strive to rid the State Capitol of lobbyists representing special interests inimical to the people's welfare." He is seeking both the Democratic and Rebublican nominations.

R. O. Del Mutolo

The 29th District, comprising the southern half of Santa Clara County, was formerly represented by Superior Court Judge Del Mutolo until he was elected to the bench. The seat is being vacated by Assemblyman Jack Thompson, now running for the State Senate.

Del Mutolo, 36, is a graduate of the University of Santa Clara, Class of 1936 with a bachelor's degree in political science. He is a native of San Jose and a veteran of World War II, having served with the 7th Infantry Division in the South Pacific. Before entering the service he was clerk of the State Assembly in 1940 and 1941.

As a youth he worked on Santa Clara Valley farms and in canneries, learning the problems of the small farmer, the working man and the small business man. He is married to the former Helen Zeller of San Jose and they have two children, a boy 6 and a girl 4.

Tuberculosis In Campbell

One case of tuberculosis was reported in Campbell for the week ending April 1. According to the Santa Clara County Health Department report for that period, it was the only such case reported in the entire county.

Below Normal

When orchard irrigation begins in this area on or about May 1, water tables in the general Monte Vista area will be definitely lower than last year at this time.

Water works of Monte Vista, Inc., revealed that although the water tables did rise during the recent rains, they are still below normal. No further rise in the tables is foreseen until next fall, since the beginning of the pumping season probably will offset any possible additional rainfall.

Pumping in the general Monte Vista area is from a level of 350 to 375 feet at present.
